Protection box for box Ø/C 20 g CO₂

- Red-tinted metallic box, with large thickness, closing with lock (standard for firemen) and lead sealing system to protect against vandalism.
- This system limits the access to accredited people as demanded in the French norm NF S 61.931.
H07090-0: H300 x W120 x D84

CO₂ cartridges for control boxes with pneumatic control

- Grey metallic cartridges, fitted with 15/125 nuthead and cover, filled with liquid or gaseous CO₂ for a single use, in compliance with the French norm NF S 61.939 (maximum temperature of use 50 °C).

H03627-2	20 g	6.7 NL
H03627-5	60 g	17.0 NL
H03629-0	100 g	51.2 NL
H03629-1	150 g	76.9 NL
H03629-2	300 g	153.8 NL
H03629-3	500 g	256.3 NL
H03629-5	750 g	384.0 NL
H03626-3	1000 g	512.0 NL

Pneumatic thermofuse

- Thermofuse with pneumatic energy source installed on the smoke extractor for a single use.
- As soon as the temperature rises, the fuse melts, which provokes the opening of the smoke extractor.

H03623-20	68 °C
H03623-21	93 °C
H03623-22	140 °C

CO₂ cartridges for thermofuse

- Grey metallic cartridges, fitted with 21.7 / 1.814 nuthead and cover, filled with liquid or gaseous CO₂ for a single use, in compliance with the French norm NFS 61.939 (maximum temperature of use 93 °C).

H03630-7	20 g
H03680-8	80 g
H03630-3	40 g

**Connection tubes**

- Stainless or copper tubes in compliance with the French norm NF S 61.932, resistance superior to 90 bars.

H03653-8	copper tube 6 mm	bar of 5 meters*
H03653-7	copper tube 6 mm	crown of 25 meters
H03653-3	copper tube 6 mm	crown of 50 meters

* per set of 3000 ml only

**Joints**

- Waterproofing metal on metal, ring with unlosable adaptation nut, brass (for copper tubes) or stainless (for stainless tubes), in compliance with the French norm NF S 61.932, resistance superior to 90 bars.

H03655-1	brass straight	Ø 6 mm	
H03655-2	brass straight	Ø 8 mm	
H03655-0	brass straight	Ø 4 mm	

H03655-3	brass T-shaped	Ø 6 mm	
H03655-4	brass T-shaped	Ø 8 mm	

H03656-0	brass bent	Ø 6 mm	
----------	------------	--------	--

H03655-8	brass for reduction	Ø 8 / 6 mm
----------	---------------------	------------

Other accessories

- Many other accessories are available (tube clips, PVC tube protections...). Please, consult us.
